

Highland kill manifolds are manufactured according to API 16C specification and are rated for standard H₂S applications.

| Model | Working Pressure | Size (in) |
|--------|------------------|--------------------------------|
| YG-21 | 3000 psi | 2-1/16, 2-9/16, 3-1/8, 4-1/16 |
| YG-35 | 5000 psi | 2-1/16, 2-9/16, 3-1/8, 4-1/16 |
| YG-70 | 10,000 psi | 2-1/16, 2-9/16, 3-1/16, 4-1/16 |
| YG-105 | 15,000 psi | 2-1/16, 2-9/16, 3-1/16, 4-1/16 |

Working Temperature:

-20°F - 250°F Specification Level: PSL1 - PSL4

Material Class:

AA BB CC DD EE FF Performance Level: PR1 - PR2

Working Medium:

Mud, Crude Oil, Natural Gas.
